**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 6 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 6 recites the limitation "the tunable dielectric film" in line 2. There is insufficient antecedent basis for this limitation in the claim.

***Allowable Subject Matter***

Claims 1, 4, 7, 12, 14, 17 and 18 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: The prior art of record does not disclose or fairly teach a non adjacent resonator coupling means comprising a microstrip line and tunable capacitor connected in series with the microstrip line, said microstrip line having first and second ends, said first end capacitively coupled to one of said plurality of resonators and said second end capacitively coupled to a second of said plurality of resonators.
